

## ACKNOWLEDGEMENTS

It is a pleasure for the Senior Editor to acknowledge help and encouragement from many people during the long preparation of this Festschrift, in particular Anton Weber (Vienna) for originally suggesting the idea and for endless support with reviewing, Ian Hedge (Edinburgh) for much advice and guidance, Auriol Batten (East London, South Africa) for the frontispiece painting, Eve Bennett (Edinburgh) for the cover illustration, and Olive Hilliard and Bill Burt (Edinburgh) for advice on contents and possible contributors. Other much valued support came from Mary Mendum, Sabina Knees and Carol Gibb (Edinburgh) and members of the Editorial Board. All reviewers are listed on p. 612. Considerable extra work has also been put in by the copy-editors, Erica Schwarz and Kim Howell, and the indexer, Lewis Derrick.

Apologies are due to several authors who submitted papers before the Festschrift was planned only to find that the processing of their submissions has taken much longer than anticipated.

### **Mary Mendum (1945–2004)**

It is with the deepest regret that we record the death of Mary Mendum (née Bates) on 13 February 2004. Her contributions as plant taxonomist and skilled botanical artist will be sorely missed. She was a well-loved colleague at the Royal Botanic Garden Edinburgh for many years.
